Telephone of Applicant: 330-472-6114

Current Zoning Classification: C-OR Proposed Rezoning: C-GR

- A map of the lot(s) and surrounding area must be included with this application.

The existing zoning of the land is unreasonable because: It doesn't allow us
to move the station to the corner of Hometown and Medina Rd.

The rezoning would be better because: A New updated station w/tn safe
entrance and exit point built to standards of Summit County
for lighting, water retention and traffic.
