Minutes of

COPLEY TOWNSHIP ARCHITECTURAL REVIEW BOARD

Meeting

GOVERNMENT FORMS & SUPPLIES 844-224-3338 FORM NO. 10148

Held

January 5, 2026

20

1 Ms. Davis convened the Architectural Review Board meeting at 6:00 pm. Christine
2 Davis, Lisa Graf, Joe Gregory and Randy Grigson were in attendance. Dale Couch and
3 Kelly McPherson were absent. Shawna Gfroerer and Jeff Newman, from the
4 Department of Community & Economic Development, were also present.
5

6 REVIEW OF MINUTES

7
8 Ms. Davis called for a motion. Mr. Gregory motioned to approve the August 4, 2025
9 minutes. Ms. Graf seconded. Ms. Davis asked for a vote. The motion carried.

16 NEW BUSINESS

17
18
19 Case #: ARB202601
20 Applicant: Jeremy Simmons
21 On Behalf of: Graves Lumber Company
22 Landowners: Graves Lumber Co/Buy Rite/30/30 Corp Ltd/Buy Rite Lumber
23 Property Address: 1315 S Cleveland Massillon Road
24 Property Location: PPN 1508656
25 Zoning District: Industrial (I)
26 Proposal: Major Site Plan-Unenclosed Accessory Building
27

28 Ms. Gfroerer presented the application for
29 applicant, Jeremy Simmons. Applicant,
30 Jeremy Simmons, on behalf of Graves
31 Lumber is requesting to construct a new
32 unenclosed shed for the purpose of storing
33 lumber and materials related to the
34 business.
35

36 • The structure is 11,800 square feet
37 in overall area (42' x 190').
38 • The structure is comprised of wood
39 frame, metal siding and metal
40 roofing. The proposed structures

20

1 will mirror the design of the
2 existing unenclosed
3 warehouses currently located
4 on site
5 • The structure will be visible
6 from Copley Road.

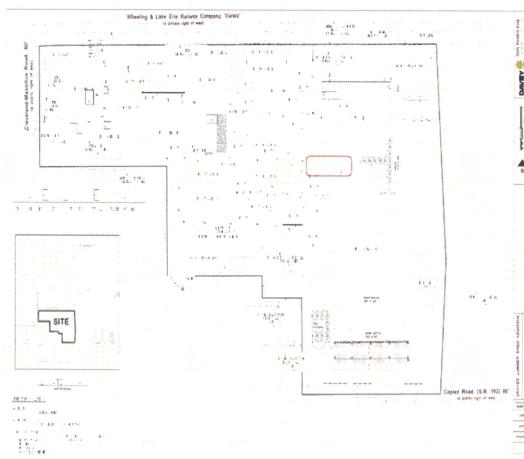

ARTICLE 5-SECTION 5.01 D. DEVELOPMENT STANDARDS

25' Minimum Front Yard Setback: Proposed Setback-1200' from the road right of way

25' Minimum Rear Yard Setback: Proposed Setback-443' from the rear yard property line.

25' Minimum Side Yard Setback: Proposed Setback- North 300'; South 900'. The structures are separated by 60' in all directions and will meet the requirements of the Ohio Fire Code.

50' Maximum Building Height: The structures will be 30' in overall height

COPLEY TOWNSHIP FIRE DEPARTMENT

The Fire Department requires drivable vehicle access to all sides of the buildings. The building shall be designed to the most current Ohio building and fire codes for its designated use group.

SUMMIT COUNTY ENGINEERS OFFICE

Grading Permit required. No detention is required for this project.

- The new underground storage completed in 2024 was designed to address the additional impervious area for structures on the east side of the existing gravel access road.
- A grading permit prior to construction, primarily for purposes of showing the roof drain/down spout locations.

SUMMIT SOIL & WATER CONSERVATION DISTRICT

The shed will involve a sub-one acre disturbance and will not create any additional impervious area. As such, no plan reviews will be required by our office.

Mr. Jeremy Simmons was in attendance to speak on behalf of the application.

Mr. Grigson asked if the building would be sprinkled.

Mr. Simmons stated that the building was under 12,000 square feet and did not require a sprinkler system. However, there are sufficient hydrants onsite for the entire property.

7 Case #: ARB202602/VAR202604
8 Applicant: Jared T Kiehl
9 On Behalf of: Kiehl Construction
10 Landowners: 1660 Collier Rd LLC
11 Property Address: 1660 Collier Rd
12 Property Location: PPN 1505169
13 Zoning District: Industrial (I)
14 Proposal: Major Site Plan-Commercial Addition/Variance
15

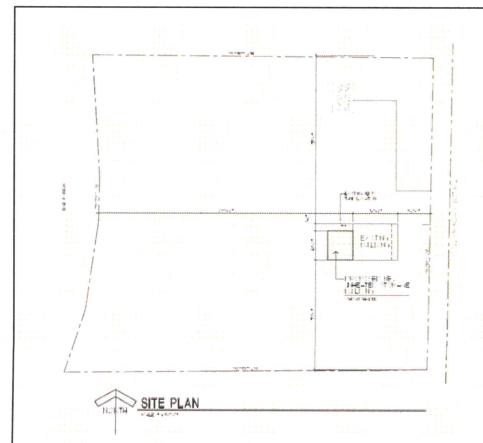

16 Ms. Gfroerer presented the
17 application on behalf of applicant,
18 Jared Kiehl. Applicant, Jared Kiehl,
19 on behalf of Kiehl Construction, is
20 requesting site plan and variance
21 approval to construct a
22 commercial building addition
23 within an identified floodplain.
24

25 The addition is 1920 square feet in
26 overall area (40' x 48'). The
27 addition will be utilized as cold
28 storage. The structure is
29 comprised of roof shingles and
30 metal siding to match the existing
31 building.
32

ARTICLE 5-SECTION 5.01 D. DEVELOPMENT STANDARDS

- 25' Minimum Front Yard Setback
 - Proposed Setback- 120' from the road right of way (Collier Road)
- 25' Minimum Rear Yard Setback
 - Proposed Setback- 399' from the rear yard property line.
- 25' Minimum Side Yard Setback
 - Proposed Setback- North: 287'; South: 179'

Held

January 5, 2026

20

1

- 50' Maximum Building Height: The structure will be consistent in height with the existing structure. The structures do not exceed 50'.

4

SUMMIT COUNTY ENGINEERS OFFICE*Grading Permit required. No detention is required for this project.*

- *A grading permit prior to construction, primarily for purposes of showing the roof drain/down spout locations.*

9

SUMMIT SOIL & WATER CONSERVATION DISTRICT*Floodplain present. A variance will be required as the floodplain is connected to the Riparian.*

12

SUMMIT COUNTY FLOODPLAIN ADMINISTRATOR*Permit to construct within the floodplain will be required.*

15

VARIANCE REVIEW

17

Per Section 15.07:

Structures and uses within the Riparian Setback, existing at the time of passage of these regulations (April 12, 2003), that are not permitted under these regulations may be continued but shall not be expanded except as set forth in this title.

28

- Per the Summit County Fiscal record, the building was constructed in or around 1965

34

D. Non-residential structure or use expansions will be permitted only through obtaining a variance from the Board of Zoning Appeals.

37

- Per the Summit County Fiscal record, the existing structure is 3,660 square feet in overall area.
- The proposed addition is 1,920 square feet in overall area. This is a 52% increase in overall area.
- The addition will be placed atop existing impervious surface.

43

Per Staff Review, a variance for any improvement on this parcel will be required as the entire parcel is encompassed by the floodplain.

46

Mr. Jared Kiehl was in attendance to speak on behalf of the application.

48

Mr. Gregory asked what type of material would be used for the flooring.

50

Mr. Kiehl stated they are planning to keep it gravel, however, if expenses allow they would like to concrete it in the future. The immediate goal is to get equipment out of the weather and under shelter.

54

Mr. Gregory asked if changing the materials would change surface water review.

56

Ms. Gfroerer stated yes, concrete produces a higher run off calculation than gravel. Mr. Kiehl could work with Summit County now to plan for future installation of concrete so that he is aware should anything additional be required to change the flooring material.

60

12 Case #: ARB202603/VAR202601
13 Applicant: David Smith, Architect LLC
14 On Behalf of: Autobahn Service Center
15 Landowners: 1330 S Cleveland Massillon Rd
16 Property Address: 1330 S Cleveland Massillon Rd
17 Property Location: PPN 1508677
18 Zoning District: Industrial (I)
19 Proposal: Major Site Plan-Commercial Addition/Variance
20

21 Ms. Gfroerer presented the
22 application on behalf of Mr.
23 David Smith. Applicant, David W
24 Smith, on behalf of Autobahn
25 Service Center, is requesting Site
26 Plan and variance approvals for
27 a commercial addition and
28 parking lot improvements.
29

- 30 The proposed addition is
31 located to the rear of the
32 main building.
- 33 The existing building is
34 6,890 square feet in
35 overall area.
- 36 The addition is 42' x 134' (5,497 square feet in overall area) for a total new
37 building footprint of 12,389 square feet in overall area.

1 o On 6/5/1991, A variance was granted for the reduction in the side yard
2 setback from 25' to 15'

4 • 50' Maximum Building Height: The structure will be consistent in height with the
5 existing structure. The structures do not exceed 25' in overall height

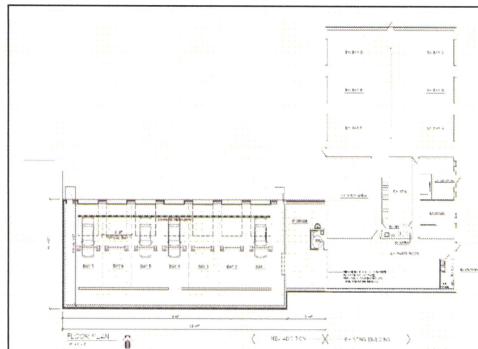

7 The addition will be constructed of
8 materials to match the existing
9 building including:

- 10 • Concrete block with brick
11 veneer in tan, dark brown,
12 light brown
- 13 • Aluminum gutter and
14 downspouts painted to
15 match
- 16 • Asphalt shingles

24 Overall updates are inclusive of:

- 25 • Seven (7) new service bays
- 26 • New storage area
- 27 • Replacement of gravel
28 parking areas with concrete
29 pavement
- 30 • Restripe of existing parking
31 spaces
- 32 • Brick veneer & asphalt
33 shingles to match existing
34 building
- 35 • Overhead Service Bay doors
- 36 • 340' of redi rock retaining
37 wall to be installed along a
38 portion of the southern
39 property line

PARKING STANDARDS-Variance Required

42 The applicant plans to reconfigure the
43 existing parking lot which will result in
44 a reduction of 9 parking spaces and an
45 increase of 1,600 square feet of new
46 impervious surface for the proposed
47 lot along the western side yard
48 property line.

- 49 • Existing parking
50 o 81 spaces
- 52 • Permitted parking
53 o 72 spaces per Copley
54 Township Board of
55 Trustees development
56 agreement for Sunset
57 Drive
- 59 • Proposed parking
60 o 72 spaces

1 ○ Recommend removal of 1 space located at the entrance on the south side.
2 This space blocks the viewshed of cars entering and existing.
3

4 **LANDSCAPE REQUIREMENTS:**

5 Section 14.06-Building Façade Landscaping the applicant is required to provide landscape
6 at least 75% of the building façade to include a minimum of 3 trees for every 100 lineal
7 feet. At 134' of building frontage, the applicant is required to install 3 trees.
8

9 *2024 parking was installed per a development agreement with Copley Township.*
10 *At that time, six (6) deciduous trees were to be planted along the northern property line*
11 *(south side of Sunset Drive). However, due to lack of suitable planting areas available, the*
12 *trees were planted on the north side of Sunset Drive.*

13 ***Request: Accept Sunset Drive plantings installed on the north side of Sunset Drive to***
14 ***satisfy requirement for building façade landscaping***

15 Per Article 14, Landscaping, Buffering and Screening

16 Section 14.08 C. 1. Parking lots shall have a perimeter landscaping of a minimum width of
17 10' exclusive of vehicle overhang. 2. 2. This perimeter landscaping shall contain sufficient
18 plant material that will achieve an effective, year-round opaque screen of a height of at
19 least three feet within (2) years of installation. The perimeter buffer zone shall also
20 contain deciduous trees and allow adequate snow storage area.

21 ***Request: Reduce required perimeter landscaping along western property line from***
22 ***10' to 6'.***

23 ***Waive perimeter landscaping requirement for previously installed parking spaces***
24 ***(2024).***

25 Per Article 14- Section 14.08-Screening and Landscaping of Parking Lots the applicant is
26 required to have one landscape island for every 10 spaces including one tree per island
27 and 10 feet of perimeter landscaping.

28 *2024 parking was installed per a development agreement with Copley Township. At that*
29 *time, 20 spaces were constructed in the southeastern portion of the property and 12 spaces*
30 *were constructed along the northern property line. There were no landscape islands installed*
31 *at that time.*

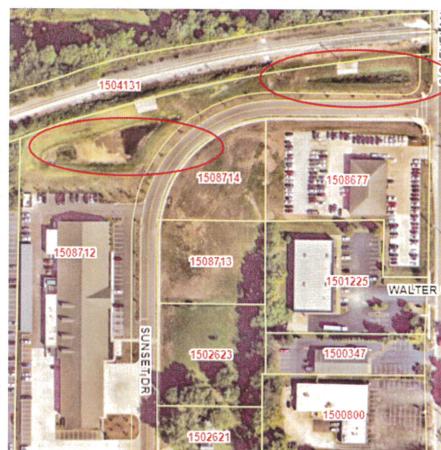

32 Applicant is requesting to install 9 new spaces along the western property line. Landscape
33 island not required.

34 ***Request: Waive landscape island requirement for previously installed parking spaces.***

35 **SUMMIT COUNTY ENGINEERS OFFICE**

36 *Proposed Limits of Disturbance: 0.78 A*
37 *Detention and runoff calculations under*
38 *review.*

39 *Stormwater improvements constructed*
40 *with the Sunset Drive Extension project*
41 *was not designed to handle flow from the*
42 *Autobahn site. A pre vs. post analysis will*
43 *be required for the Autobahn*
44 *improvements. The new impervious*
45 *appears to be relatively small, but an*
46 *analysis of existing gravel compared to*
47 *proposed concrete and building may show*
48 *a significant increase in runoff from the*
49 *site. Per the Urban Hydrology for Small*
50 *Watersheds Manual from the USDA, the*
51 *Curve Number for gravel ranges from 85 to*
52 *91, depending on Soil Group*
53 *Classification. Asphalt, concrete and rooftops/buildings Curve Number is 98, regardless of*
54 *Soil Group. This may result in a Critical Storm of 10 or 25-year design storm.*

55 **SUMMIT SOIL & WATER CONSERVATION DISTRICT**

56 *Detention and runoff calculations under review.*

1 VARIANCE REVIEW

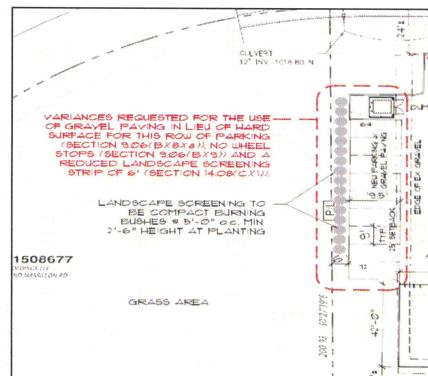

2 Reduction in the required parking setback
3 (Sunset Drive)
4
5 Per Article 9, Section 9.06, 5. Yard
6 Requirements. Subject to the limitations of
7 Section 9.06 B. 2. a, off-street parking
8 spaces may occupy all or any part of any part of any
9 required side or rear yard. However, in no
10 event, shall any required front yard or the
11 side yard along the side street in the case
12 of a corner lot be occupied by such parking
13 space.

14 **Request: Variance to encroach into the**
15 **25' front yard setback by 1'**

16 Per Article 9, Section 9.06 8. a. Required
17 parking spaces, access drives, and loading
18 areas shall be paved and maintained with
19 concrete, asphalt, or similar material of
20 sufficient thickness and consistency to
21 support anticipated traffic volumes and
22 weights....

23 **Request: Variance to maintain gravel**
24 **surface for parking area along the**
25 **western property line**

26 Per Article 9, Section 9.06 9. Wheel Stops.
27 Whenever a non-residential parking area
28 extends to a lot line, sidewalk, planter strip
29 or building, a wheel stop device consisting
30 of blocks, a permanent curb, expanded sidewalk or other suitable restraint shall be
31 installed. The minimum height of a wheel stop device shall be five (5) inches and the
32 minimum distance from a wheel stop device to a property line or protected area shall be
33 two (2) feet six (6) inches.

34 **Request: Relief from section 9.06 9. No wheel stops**

35 Per the Applicant:

36 **Please Explain the Practical Difficulties or Unnecessary Hardship that Justifies this**
37 **Application:** (See application for full description)

- 38 • *Encroachment is less than 1'. Existing gravel already encroaches and improved*
39 *concrete surface will better the site.*
- 40 • *Request to use gravel as expenses for concrete are being invested into the visible*
41 *areas of the site.*
- 42 • *If request to use gravel is granted, wheelstops would not be practical atop a gravel*
43 *surface*

44 How Would the Granting of a Variance(s) Affect the Immediate Neighborhood and 45 Community In General?

46 *The improvements that will take place on this site will vastly improve how this portion of the*
47 *site is viewed by neighbors and passersby. The Owner of this property is also the owner of the*
48 *property to the west, and has endorsed requesting these variances with no concern of how*
49 *the variances, if granted, will affect their property to the west.*

50 Mr. David Smith, Architect, Mr. Matthew Weber, Engineer and Mr. Louis Pejnovic were in
51 attendance to speak on behalf of the application.

52 **The Board discussed the hardships associated with installation of the required**
53 **landscaping.**

54

RECORD OF PROCEEDINGS

Minutes of

COPLEY TOWNSHIP ARCHITECTURAL REVIEW BOARD

Meeting

GOVERNMENT FORMS & SUPPLIES 844-224-3338 FORM NO. 1014B

Held

January 5, 2026

20

1 Mr. Smith stated that in general, they are planning to install the same amount of landscape
2 required for the western property line, they are just requesting it be placed within 6'
3 instead of the required 10'. Due to the building and required length of the parking space,
4 there is not enough space remaining to place a 10' buffer. Mr. Pejnovic also owns the
5 vacant parcel to the west and has no objections to the reduction.

6
7 Mr. Smith stated that there is a swale which acquires water along the northern property
8 line. This would make it difficult to install landscaping in this area.

9
10 Mr. Pejnovic stated that when Copley installed his parking lot along S Cleveland Massillon
11 Road, they did not notify him of any additional landscaping requirements. He stated there
12 is also a roadway easement and plantings may not be permitted. Mr. Pejnovic also shared
13 that he was told by Copley Township that the sidewalk would be extended in front of his
14 property along S. Cleveland Massillon Road.

15
16 **Mr. Gregory stated that he felt the waivers may be appropriate given the**
17 **information provided by Mr. Smith and Mr. Pejnovic. He also stated that per Ms.**
18 **Gfroerer, Copley Township installed more trees along Sunset Drive than what was**
19 **required.**

20
21 **Mr. Gregory discussed the waiver of the landscape islands. While he felt they were**
22 **not necessarily appropriate for this use (since customer parking is not the primary**
23 **use for this business), if the use changed, Copley may lose the opportunity to require**
24 **the installation.**

25
26 Ms. Gfroerer stated that the ARB does not have the authority to grant a variance which
27 would run with the land. The waiver from the ARB is for this project specifically.
28 Therefore, if the use changes and this now becomes customer parking, the ARB could
29 require the islands with the new use through the required Site Plan review.

30
31 **Mr. Gregory stated that the applicant would need to find a suitable substitution for**
32 **the burning bush proposed along the western property line as this is an invasive**
33 **species. Mr. Smith will present alternatives to Mr. Gfroerer to be reviewed by Ms.**
34 **Graf.**

35
36 **Ms. Davis requested additional information regarding the request to use gravel**
37 **along the western property line.**

38
39 Mr. Pejnovic stated that while he feels this parking will be needed, he isn't certain and
40 would like to see if it is needed before he invests in the concrete in this area. If it is not
41 needed, it could easily be converted back to grass.

42
43 **Mr. Grigson agreed and stated this parking area is not very visible.**

44
45 **Ms. Davis called for a motion. Mr. Gregory motioned to approve the applicants**
46 **request for relief from the following landscape requirements:**

47
48 1. **Section 14.06 Building Façade Landscaping-Rationale accept Sunset Drive**
49 **deciduous tree plantings installed by Copley Township on the north side of**
50 **Sunset Drive**

51
52 2. **Section 14.08 C. Parking lot landscape perimeter. Reduction in the required**
53 **perimeter landscape along the western property line from 10' to 6'. -**
54 **Rationale-Location of building and length of parking spaces do not permit 10'.**
55 **Applicant also owns adjacent lot to the west**

56
57 3. **Section 14.08 C. Parking lot landscape perimeter. No additional landscape**
58 **required along S Cleveland Massillon Road. Rationale- Future installation of**
59 **landscape and sidewalk by Copley Township**

Held

January 5, 2026

20

1 4. Section 14.08 B. One landscape island for every 10 spaces. *Rationale-*
 2 *Majority of lot is not used for customer parking. Should use change and spaces*
 3 *are now used for customer parking, landscape islands will be required.*

4
 5 Mr. Grigson second. Ms. Davis asked for a vote. All in favor. Motion carries.

Held _____ 20 _____

1 **Property Location:** PPN 1507109
2 **Zoning District:** Commercial General Retail (C-GR)
3 **Proposal:** Major Site Plan-Commercial Redevelopment/Varianc

5 Ms. Gfroerer presented the application on behalf of the applicant. Applicants, on behalf of
6 MSA Montrose LP, are requesting site plan and variance approval to redevelop the
7 former Regal Cinema tenant space.

9 Narrative: Per the Applicant

- Partial demolition of 10,000sf of the southernmost portion of the existing theatre space, and the front, West wall of the existing space.
- Retrofit system to be installed. New construction of approximately a 12,000sf space, between the remaining theatre area and the existing World Market space to the South. ed.
- The entire front façade of the building is to be expanded approximately 6' to the West, for an additional +/- 1,300sf of leasable space. This will all align with the existing World Market front façade as well.
- Plumbing, electrical, and fire protections services are to be split for two (2) separate commercial tenants.
- West site work is to include the building addition and modifications to the sidewalk and grass area, however no large scope site work to be proposed.
- East site work to include a portion of the 12,000sf new construction, new concrete loading pad, concrete egress ramp, and trash compactor.
- Landscape façade refreshed/installed along the northern and western elevations

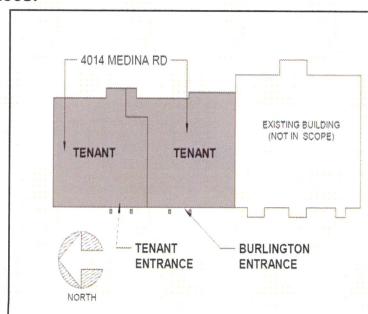

The redevelopment will result in a two tenant spaces.

- Tenant B-24,294 square feet in overall area
- Tenant A-20,260 square feet in overall area

Overall updates are inclusive of:

- Full Interior Renovation
- New front masonry wall to match adjacent building
- New Tenant Entrances
- New sidewalk extension and crosswalks
- Addition of bicycle parking spaces
- Demo and reconstruction of partial Tenant suite A

12 • EIFS wrapped column (EIFS above the water table)

16 DEVELOPMENT STANDARDS-Variance Required

17 ARTICLE 4, SECTION 4.01

18 • 35' Maximum Building Height

RECORD OF PROCEEDINGS

Minutes of

COPLEY TOWNSHIP ARCHITECTURAL REVIEW BOARD

Meeting

GOVERNMENT FORMS & SUPPLIES 844-224-3338 FORM NO. 10148

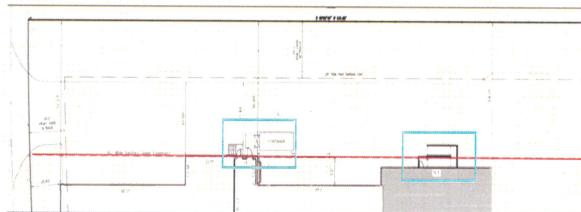

Held

January 5, 2026

20

1 ○ Masonry Height: 28'
2 ○ Parapet Wall: 32' for Tenant A & Tenant B
3 • 50' Minimum Rear Yard Setback (SOUTH)
4 ○ 750' +
5
6 • 25' Minimum Side Yard Setback
7 ■ WEST: 59'
8 ■ EAST: 400' +
9 • 25' Minimum Front Yard Setback (NORTH)
10 ○ **8.1' Non-conforming**

12
13 There is a easement
14 located along the western
15 side yard property line.
16 Easement to be
17 confirmed at 50' or 60'.
18 The following items may
19 project into the
20 easement:

SUMMIT COUNTY ENGINEERS OFFICE

- Provide a comparison of existing and proposed impervious areas.
- The overall increase in impervious area does not appear to be significant, so no stormwater detention will be required.
- In addition to the impervious area increase, we will need to see the total disturbed area identified on the plans

SUMMIT SOIL & WATER CONSERVATION DISTRICT

Provide a comparison of existing and proposed impervious areas.

DEPARTMENT OF SANITARY SEWER SERVICES

- Access Easement Agreement in progress
- Verification of the easement width in question: 50' or 60'

COPLEY TOWNSHIP

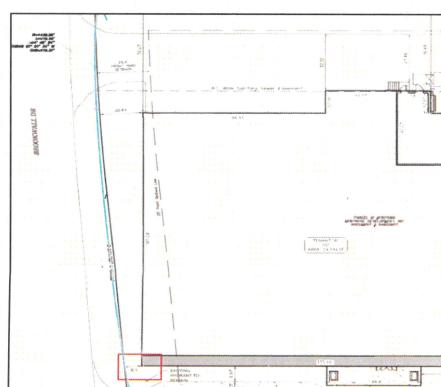

- Abatement agreement for parking lot improvements and Business Center Sign reconstruction in progress

VARIANCE REVIEW

ARTICLE 4., SECTION 4.01

- 25' Minimum Front Yard Setback (NORTH)
○ **8.1' Non-conforming**

52 Variance Rationale: The front yard
53 setback is pre-existing and created due to
54 the expanded right of way for the
55 installation of Brookwall Drive. This
56 variance will correct the non-conforming
57 setback.

RECORD OF PROCEEDINGS

Minutes of

COPLEY TOWNSHIP ARCHITECTURAL REVIEW BOARD

Meeting

GOVERNMENT FORMS & SUPPLIES 844-224-3338 FORM NO. 10148

Held

January 5, 2026

20

1 The cinema building was constructed in 1988. The 60' Brookwall right-of-way was
2 established in or around 2000.

3
4 *Per the Applicant:*

5
6 **Please Explain the Practical Difficulties or Unnecessary Hardship that Justifies this**
7 **Application:**

8 Non conforming setback as a result of constructing of right of way after construction of
9 building.

10
11 **How Would the Granting of a Variance(s) Affect the Immediate Neighborhood and**
12 **Community In General?**

13 It is believed that the granting of this variance would have no immediate negative affects
14 on the community. This variance would increase the interest in the currently unoccupied
15 space, making it more suitable to lease to commercial tenants.

16
17 Ms. Dayla Finelli and Mr. Corey LeBlanc were in attendance on behalf of the application.

18
19 **Ms. Davis asked for additional information on the demolition and reconstruction.**

20
21 Mr. LeBlanc stated that portion of the building was an addition to the original cinema
22 building. The addition was not constructed in the same manner and therefore the retrofit
23 system will not work in this area.

24
25 **Mr. Gregory asked if it was common to add one tenant and then wait for the second**
26 **tenant.**

27
28 Mr. LeBlanc stated yes. Typically, Burlington will co-locate with Marshall's or Ross'
29 however, they are not yet confirmed.

30
31 **Mr. Grigson asked if the devising walls were stick or metal.**

32
33 Mr. LeBlanc stated they are metal.

34
35 **Ms. Davis asked for details regarding the rear construction.**

36
37 Mr. LeBlanc stated the new area will be additional leaseable space. Mr. LeBlanc reviewed
38 the truck route which will use the access drive and loading areas in the rear.

39
40 **Ms. Davis asked for information regarding the required bicycle parking.**

41
42 Mr. LeBlanc reviewed 8 bicycle parking spaces which have been added to the plan. They
43 will be located in between tenant spaces A & B.

44
45 **Mr. Gregory asked for details about the existing landscape.**

46
47 Mr. LeBlanc stated the landscape would be removed and the plan calls for additional
48 landscape to be installed by others.

49
50 **Ms. Davis called for a motion. Ms. Davis motioned to approve the applicants site plan**
51 **conditioned upon satisfying all agency requirements and receipt of the variance**
52 **required for the front yard setback. Mr. Gregory seconded. Ms. Davis asked for a**
53 **vote. All in favor. Motion carried.**
